

MINA'S
GREEN
CLEANING

MODERN CLEANING WITH SOUTHERN CHARM

ABOUT MINAS GREEN CLEAN TEAM

City living isn't always that easy. There aren't enough hours in the day to get everything done.....especially cleaning. Leave the cleaning to **MINA'S GREEN CLEANING!** Our **FAMILY-OWNED** and operated business – with over 60 years of experience –takes pride in using only **NON-TOXIC** cleaning products that are not only **ENVIRONMENTALLY SAFE**, but also **CHILD & PET FRIENDLY**. MINA'S is licensed and bonded, and wants our customers to not only be 100% satisfied but also feel 100% secure.

Most traditional cleaning products contain harsh chemicals such as chlorine bleach, ammonia, petroleum distillates, formaldehyde, and phenols, which are poisonous and can cause cancer, asthma and other lung problems. Chemical cleaning supplies not only threaten our personal health with direct use, they also end up in our rivers, oceans, soil and air. That's not good! Mina's Green Cleaning uses and offers non-toxic commercial alternatives with safe, biodegradable ingredients that do not cost more and provide sparkling antibacterial results.

We have offices in Florida, where we started, New York, and now Los Angeles – providing our unique brand of modern cleaning with southern charm. Please call our office for a free estimate today. Our reliable staff is ready to conquer whatever your needs might be. Your satisfaction is guaranteed! By letting Mina's Green Clean Team, Inc. take care of all of your cleaning needs, your space will be maintained by a professional staff and always look its best.

Our dedicated cleaning consultants have your best interests in mind and are committed to making sure that your office or home is clean and properly maintained. We provide all of our own **NON-TOXIC** products – leaving your office or home clean and naturally fresh! Maintenance daily, weekly, biweekly & monthly commercial and residential cleaning.
